SIBISI PLANT HIRE
EARTH MOVING DIVISION

About Us 01

Sibisi Plant Hire, Earth Moving Division, is a subsidiary of NGS and Sons, Sand & Stone.

Operating in a comparatively niche industry at Sibisi Plant Hire, we are a company engaged in the equipment rental industry, providing various equipment and machinery for a period of time to the relevant users in the construction and mining industry amongst others..

"IT IS NOT THE SIZE OF OUR TEAM THAT MATTERS BUT THE SIZE OF THE PLANT BEHIND US AND THE ABILITY TO MOVE LARGE AMOUNTS OF SOIL."

Whatever our client's needs are, we at Sibisi Plant Hire, go the extra mile to meet these needs, through understanding, outstanding service and reliable equipment.

Heavy and Light Duty, Earth Moving and Construction Machinery Supplier.

02

Company Overview

🗨️ A Brief Story About Our Company

Sibisi Plant Hire, grows from very humble origins, starting out renting a single tractor loader backhoe (TLB) before growing over time.

In addition to providing rental equipment, our experience puts us in the position to afford our clients consultancy services on the best usage of our equipment.

Company Strategy 03

The right equipment, at the right time, at the right price.

Vision

In support of the growth of the construction industry, our vision is to form mutually beneficial relationships in this sector and various others surrounding it, in being an active participant leading to its growth. With the rise of infrastructural projects in Africa, our vision is to move beyond borders, growing our operations on this front adding value towards developing nations.

Mission

Operating in a relatively new industry full of small and medium sized companies our mission is for our growth to be linked to the growth of South Africa's construction industry.

Is through our earth moving division, whether heavy or light, make any kind of construction job possible, easier, reliable and safer.
